II. HANDWASHING AND FOOD HANDLING

A hand-washing station WITHIN each booth or unit is REQUIRED unless only prepackaged foods requiring no preparation and / or cooking are to be served. Please check the space below that applies to your booth / unit.

- I will be serving only prepackaged foods that require no preparation, handling, and/or cooking.
- I will be serving foods that require preparation, handling, and/or cooking and will provide the following for hand-washing:
 - 1.) a minimum of 2 gallons of warm potable water that must be refilled as needed in a container with a 'hands-free' spigot
 - 2.) soap
 - 3.) paper towels
 - 4.) 5 gallon bucket (minimum) to catch and contain wastewater until it is properly disposed

NOTE: Hand 'sanitizers' are NOT an acceptable substitute for required hand-washing set-up.

How will you prevent bare hand contact with ready to eat foods (at both the commissary and in the booth)?

- Tongs
- Food-grade disposable gloves (**Note: if gloves are changed hands must be washed**)
- Deli tissues
- Other (list) _____

Bare hand contact concerns food that is open (ie you grab it with your hands- think hot dog bun) and that isn't going to be cooked anymore. Any of the above options are fine, or any combination of the above options are fine, but even if gloves are provided, hand washing always goes along with gloves. So if there is going to be open food, then hand washing must be provided.

III. FOOD PREPARATION AT COMMISSARY

Preparation at Approved Facility or Commissary Before Event

Check which preparation procedure each menu item requires.

Page 3 and 4 should be completed, unless you are going to purchase cold food items on your way to the event. If that is the case please write that next to: "Cold Holding- Will foods be cold held at the commissary?" highlighted in yellow below. Otherwise, please fill this section out. Most likely the commissary in this case will be your house. We just want to know what is going to happen to the food prior to you bringing it to the event site.

What is the name and location of your commissary? (Complete Commissary Agreement on page 7)

Name: _____

Contact Person and Phone Number: _____

Transport

Please provide the distance that you will be transporting food to the event? _____

What equipment will you use to control temperatures during transport?

- Coolers with ice
- Cambros for cold foods
- Cambros for hot foods
- Other (specify) _____

We prefer that cooling and reheating aren't done in the home environment mainly due to the capability of the refrigerator/freezer at home. If at all possible, it would be better to cook something at home, keep at 135 degrees or hotter, and then bring hot to the event site.

BOOTH LAYOUT AND MAP

Provide a drawing of the Temporary Food Establishment. Identify and describe all equipment.

The map shall include the following:

- Cooking equipment
- Hand Washing facilities
- Food and Single Service storage
- Customer Service area
- Hot and Cold Holding equipment
- Work surfaces
- Garbage containers
-

Summary Paragraph: Write a paragraph or two about how your operation works.

Please complete the paragraph section. Sometimes it is easier for you the booth coordinator and us the inspectors to figure out your process when we have it written out in conjunction with the completed paperwork. Doesn't have to be involved, again just looking for a good understanding of what it is that you will be doing for this particular event.
